

HDPE 6100S

HIGH DENSITY POLYETHYLENE

DESCRIPTION: **HDPE 6100** is a high density polyethylene compound produced by the ultimate PEBO's technology. Carbon black gives good outstanding UV resistance.

APPLICATION: Extrusion / Blow moulding
(for product not under pressure)

TYPICAL PROPERTIES :

| Property | Method | Unit | Tolerance limit | Note |
|-----------------------|----------|-------------------|----------------------|------------|
| M.F.I. (2.16Kg/190°C) | ISO 1133 | g/10min | 0.20 - 0.45 | guaranteed |
| Density | ISO 1183 | g/cm ³ | 0.955 - 0.972 | guaranteed |
| Carbon Black | ISO 6964 | % | 2.00 - 3.00 | guaranteed |
